

TRANSCRIPTS

The official Alverno College Academic Transcript consists of a record of achievement, i.e., a chronological record of all courses successfully completed and for most undergraduates a history of demonstrated abilities. For students who graduate, a statement of evaluation (an overall assessment of your academic career at Alverno College prepared by your faculty is also included). Your transcript reflects the importance the college attaches both to the mastery of content and the ability to use knowledge effectively. If you wish to have a copy of your official transcript, requests must be sent via Parchment. This service allows us to send transcripts electronically. Here is the link to Alverno's Parchment Storefront - Alverno College Transcript Request (<https://www.parchment.com/u/registration/32206/institution/>). Transcript requests will not be accepted in person, through email, fax, or the regular postal service. All transcripts **must** be requested through Parchment. No transcript can be issued for students who have not met their financial obligation to the college.
