MUA-375 External Assessment for MUA Lessons (0 credits)

This external assessment for music majors is taken at the end of the student's junior year. It provides them with the opportunity to demonstrate knowledge in the areas of music theory, history, and literature. There are two parts to the assessment. Part I consists of a simulation exercise in which students collaborate in the design and organization of a concert. Part II involves analyzing scores, both visually and aurally, in order to identify composers and historical periods. Bachelor of music students take both parts of the assessment; bachelor of arts in music students take Part I only. Required concurrent registration with all applied lessons for Majors & Supports.
